

Top iPhone GAME Apps

Scrabble – \$2.99

Play America's favorite word game -- ANYTIME ANYWHERE! Whether you connect with friends and play up to 25 games at a time, or savor a game solo, wordplay fun is always at your fingertips.

Words with Friends – free!

The premise of this game is simple: you fire it up and are playing a Scrabble-like word game against one of your friends in seconds. There's no single player mode — the entire experience is built around multiplayer. And that formula has proven to be golden: the app now has over 1.6 million daily active users who average a full hour of playing every day.

Catan – \$4.99

There is hardly a board game award that the "Settlers of Catan" game, created by Klaus Teuber, has not won. This classic has a global fan community and has been translated into 30 languages over its last 14 successful years.

Civilization Revolution – free! (\$6.99 full version)

How would you take over the world? Are you the type to invade other countries and take their land by force? Or would you like your superior culture to light the way for a better tomorrow? You can find out the answers to those questions now that Sid Meier's Civilization Revolution has arrived at the App Store.

Plants vs Zombies – \$2.99

Winner of more than 20 Game of the Year awards! A mob of fun-loving zombies is about to invade your home. Use your arsenal of 49 zombie-zapping plants — peashooters, wall-nuts, cherry bombs and more — to mulchify 26 types of zombies before they break down your door.

American McGee's Crooked House – \$1.99

From the crooked minds at Spicy Pony and American McGee comes a puzzle game so devious it'll make you squeak with fright. Based on one of the best loved nursery rhymes of all time, "There Was a Crooked Man".

Drop7 – \$2.99

Test your smarts with this deceptively simple abstract puzzle game.

Quordy – \$2.99

The object of this game is to form words among the 16 letter tiles. QUORDY can be played alone or against friends and is perfect for play on-the-go. Shake or touch your iPhone or iPod Touch to jumble the letters and begin a game. Touch the first letter of the word you want to make, then slide your finger to the next letter in your word. As long as the letter tiles connect—in any direction—you're on your way.

GeoDefense Swarm – \$1.99

GeoDefense Swarm takes all the dizzying visuals, vexing challenges and addictive gameplay from the original, and changes the equation — instead of defeating creeps along a pre-defined path, GeoDefense Swarm challenges you to use your creativity, building mazes for the creeps to navigate across obstacle-laden open levels.

Rolando – \$2.99

Rolandoland has been invaded and the Rolandos need your help! Use innovative tilt, tap and Multi-Touch controls to solve physics puzzles, toy with interactive environments, and evade pesky enemies as you lead the Rolandos to victory.
