**Programs Ages 5 & 6**

- Art City: $95/$105
- King of All LEGO®: $95/$105
- Dinosaur Adventure: $95/$105
- Amazing Animal Adventure: $95/$105
- I Want to Be a Scientist: $95/$105
- Backyard Naturalist: $95/$105
- Digging Up Bones: $95/$105
- A Pirate’s Life: $95/$105
- Pain, Print, and Splatter: $95/$105
- Make Me a Rembrandt: $95/$105
- Science Professor: $95/$105
- Let’s Be Builders: $95/$105
- Space Cats: $95/$105
- Academy of the Seas: $95/$105
- Hidden Wonders of the Universe: $95/$105

---

**Programs Ages 7, 8, & 9**

- Time Scavenger: $95/$105
- Science Fantastik: $95/$105
- Planet Ocean: $95/$105
- Mission Space: $95/$105
- Time Tunnel: $95/$105
- Science Big Shot: $95/$105
- It’s Rocket Science: $95/$105
- Camp Cretaceous: $95/$105
- LEGO® Empire: $95/$105
- Wild About Wildlife: $95/$105

---

**Programs Ages 10, 11, 12 & 13**

- LEGO® Build-A-Thon: $95/$105
- Science Chaos: $95/$105
- Mad Professor: $95/$105
- Anthropology Expert: $95/$105
- Maker Exploration: $95/$105
- Advanced Chess: $95/$105
- Claymation Movie Making: $190/$210
- CSI Daytona: $95/$105
- Classic Games: $95/$105
- Short Movie Making: $190/$210
- Comic Book Creation: $95/$105
- Sensational Science: $95/$105

---

- Total Number of Program Sessions ________________ sub total $______________
- Number of Extended Care Weeks ________________x$25 sub total $______________
- Enclosed is my check # _________________________ TOTAL $________________

If you would like to pay with a credit card please register online at MOAS.org.

---

Make check payable to:

**MUSEUM OF ARTS AND SCIENCES**

Mail to: Museum of Arts and Sciences

**Attn: Summer Learning Institute**

**352 S. Nova Road, Daytona Beach, FL 32114**

Please make sure your student is enrolled at least one week prior to the start date to help educators prepare for classes.

---

For more information, please call 386-255-0285.
**Week 1: June 13-17**

**A Pirate’s Life**
9am-12pm

Take a journey to the world of pirates! Learn about the history of pirates, their adventures at sea, and the amazing animals that once roamed the seas. Take a trip to the planetarium and zoom through the universe at high-speed. Learn about the galaxies and our solar system. You'll also make your own pirate flag, create your own treasure coin, and play a game of treasure hunt. Registration form for details!

**Science is Fun!**
1pm-4pm

Science is fun, but is it real? In this camp we will cover different sciences including physics, astronomy, paleontology, and archaeology. With the help of the Museum's Lohman Planetarium, we will explore the universe and learn about the different phases of the moon and the solar system. We will also take a trip to the planetarium and zoom through the universe at high-speed. Learn about the galaxies and our solar system. You'll also make your own pirate flag, create your own treasure coin, and play a game of treasure hunt. Registration form for details!

**Wild About Wildlife**
7am-4pm

Learn about the amazing animals that once roamed the seas. Take a trip to the planetarium and zoom through the universe at high-speed. Learn about the galaxies and our solar system. You'll also make your own pirate flag, create your own treasure coin, and play a game of treasure hunt. Registration form for details!

**Art City**
9am-12pm

Paint, draw, and create art beyond your wildest imagination. Explore art from around the globe through the Museum's collection. Create paintings, prints, sculptures, and draw awesome animals. Take a tour through the Museum's galleries to get inspired! 4-5pm

**Week 2: June 20-24**

**Dinosaur Adventure**
9am-12pm

Paleo-preschool students will have exciting hands-on opportunities to interact with real fossils and a fantastic array of prehistoric animal models. Discover the hidden wonders of the universe from the Museum's extensive collection of real fossils. Take a collecting trip through Tuscawilla Nature Preserve and return to the Museum to learn about the diversity of animals from A to Z. Learn about the fascinating world of fossilized animals and how they lived. Create Cretaceous marvels to take home, and find out how ancient animals represented the art of building. registration form for details!

**Dino Tech**
1pm-4pm

Dinosaurs went extinct 65 million years ago, but we are bringing them back this summer to learn about all of the wonderful that were buried for millions of years! Discover the ways that scientists use to bring dinosaurs to life! Learn about the history of historic buildings and structures from all over the world and build your own version. Engineering, history, and science make for a perfect LEGOL® day! You'll also make your own pirate flag, create your own treasure coin, and play a game of treasure hunt. Registration form for details!

**Let’s Be Builders**
9am-12pm

Meet the LEGO® Expert! You’ll learn all about LEGOS and LEGO® Education to create your own masterpiece. Take home your favorite creation! registration form for details!

**Science Professor**
1pm-4pm

Join Curator of Geology, Seth Mayo, and discover basic principles behind rock cycles while constructing different types of simple projects that you’ll launch. Learn about the history of historic buildings and structures from all over the world and build your own version. Engineering, history, and science make for a perfect LEGOL® day! You’ll also make your own pirate flag, create your own treasure coin, and play a game of treasure hunt. Registration form for details!

**Camp Cretaceous**
7am-10am

Take a journey to the ancient world. Learn about mummies, pyramids, ancient Rome and Greece, and the history of historic buildings and structures from all over the world and build your own version. Engineering, history, and science make for a perfect LEGOL® day! You’ll also make your own pirate flag, create your own treasure coin, and play a game of treasure hunt. Registration form for details!

**Artology**
1pm-4pm

Discover how police detectives use evidence to solve and unravel mysteries. Learn how to identify and crack codes. Learn how to enter and write their own adventures. The only limitation is your imagination in this exciting class! registration form for details!

**Mad Professor**
9am-12pm

Science is everywhere and is more important than ever. Visit the ancient world and make your own fossil replica! Take a trip to the planetarium and zoom through the universe at high-speed. Learn about the galaxies and our solar system. You'll also make your own pirate flag, create your own treasure coin, and play a game of treasure hunt. Registration form for details!
